

Plows "A goin' and a comin' "

## The Benicia-Reversible Disc Plow

It is the only successful Reversible Disc Plow built. It is simple in design, few in parts, and perfect in construction, and its durability is beyond question. It is easily operated on hillside or level ground.

AS A DEEP TILLER it is an unqualified success. Bear in mind, this plow is not necessarily for use on hillsides only—it is the best Single Sulky for general use made today.

WE GUARANTEE OUR REVERSIBLE DISC PLOW TO DO GOOD WORK, not only in hard, dry ground, either clean or trashy, on hillside or level land; in short to be good anywhere at any time, when plowing can be done, except in sod land.

ON STEEP HILLSIDES, where a team can walk and draw a plow it works perfectly.

The combination of features in the BENICIA REVERSIBLE make it the most valuable of all SINGLE DISC PLOWS. It can be used right or left hand, plowing around land, or REVERSIBLE, throwing furrows all one way. Will plow down terraces, without leaving a water furrow. Made only in a Single Disc Plow.

We have a number of these plows in use in the Marion county hills, and they are giving unbounded satisfaction. SEE THEM AT THE FAIR.

## EFFORTS BEING MADE

### To Have Senators Fairbanks and Dolliver Speak in Salem

Chairman Frank C. Baker, of the Republican state central committee, is using every effort to have Senators Fairbanks and Dolliver speak in Salem when they make their Western tour next month.

A letter received by The Journal from Hon. J. J. Graham, who is now in Chicago, states that he recently visited the Republican national headquarters in that city, and Chairman Tawney favored the addition to the itinerary. A definite announcement is expected from Chicago within a few days, and if the meeting is arranged, as it doubtless will be, owing to the persistent work of Messrs Baker and Graham, Salem will have the greatest political gathering in the history of the city.

**Will Remain at Work.**  
Pittsburg, Sept. 16.—Secretary John Williams and Treasurer M. F. Tige, of the Amalgamated Association of Iron and Tin Workers, issued a statement at noon today to the effect that the present conditions did not warrant a general strike against the United States Steel Corporation, in the Mahoning valley. This discounts a report that a general strike is imminent.

**Train Robbers Escape.**  
Des Moines, Sept. 16.—After being surrounded by posse of deputies sheriff, detectives and farmers, the five men supposed to have held up the Rock Island train near Letts, broke through the cordon and escaped. No trace of them has been obtained.

**A Governor Dead.**  
Santa Fe, Sept. 16.—William G. Rich, ex-governor of New Mexico, is dead at Engle, Sierra county, near which place he was engaged in ranching.

## OTHER ATTRACTIONS HERE

The state fair isn't the only thing that is going on in Salem just now. There is a pancake demonstrator in action here. Mrs. R. M. S. Davidson, representing the Portland manufacturers, is today at the Harritt & Lawrence grocery store, showing what the Olympic self-rising Pancake Flour will do. She is a Chicago woman, and knows how. She would have given a demonstration at the state fair pavilion, but the management were afraid their product would raise the roof. She serves all comers with three of the most delicious pancakes imaginable, which are made in their presence, within one minute, by simply stirring the Olympic Pancake Flour in water, when it is ready to bake. The demonstrator captured a Journal reporter, not only by the good quality of her pancakes, but her ability to talk her goods. Notwithstanding Mrs. Davidson is an English woman, she can appreciate a joke, and is not slow to reply to such in her kind. She has the Chicago push, an Oregon product and the Western way of convincing people.

### Sawmill Disabled.

A defective crosshead in one of the engines in the mills of the Capital City Lumber Company this morning gave way, causing the plant to shut down, and it will not be able to run until a new one is made, which will probably be about two days.
